## CHANGES FOR NEXT TIME

### SOUTH

We are sorry that the scheduling issues posed challenges for many of you and will amend the schedule to add additional time for very young students and will monitor timeliness better next time.

We will also provide 5 minutes for private parent/teacher discussions for all conferences at South.

### NORTH

We will amend the format to open up additional private rooms for younger students and provide a 5-minute teacher interaction for older students.

The spring semester conferences will also include some additional information for older students to help prepare them for next year.

In addition to making these improvements to the spring conferences, please know that if you have any pressing questions or concerns, your teachers are happy to give you a call or sit with you to discuss your student at any time.

To request an additional meeting, please e-mail your homeroom teacher.
